EMPLOYMENT OPPORTUNITY

Machine Operators - Permanent

Temperzone is a leading manufacturer, distributor of innovative air conditioning and ventilation products throughout Australasia, Southeast Asia, and China. We are also the exclusive distributor of Hitachi Cooling & Heating products within Australia and New Zealand. We have evolved through an ongoing commitment to best manufacturing practices, innovative design, customer service, and technology for quality delivery.

About the role

We are currently looking for some enthusiastic and driven people to join us as Machine Operators based at our Auckland manufacturing site in Mangere.

On a day-to-day basis you can expect to operate the machines as safely and efficiently as possible whilst adhering to safety and quality control standards and meeting production targets.

What you will bring to the role

You will have a strong work ethic, possess a high level of attention to detail along with time management and planning skills.

Working as part of a team you will need to communicate well and relate to a diverse range of people while accepting direction from your supervisor and carrying out duties required of you.

Your background could be from any industry, all required training will be provided. Simply just tell us why your transferable skills would make you a valuable member of our team – your background is not a barrier!

We are always keen to hear our people's ideas so any initiative or problem-solving history would be looked at favourably.

What we can offer

We are a close-knit team which offers a supportive environment, free on-site parking, an on-site café and well as opportunities for development.

At Temperzone we believe that our people are our strength so its important to us to have the right people in the right roles to move us into the future.

Does this sound like the next step in your career? Or do you know someone who would suit this role? If so, then follow the application process below.
