Terms of the Temperzone Warranty

What it covers

If any qualifying defect in your Temperzone or Hitachi air conditioning system is caused by **FAULTY MATERIAL** or **WORKMANSHIP** within the warranty term, it will be rectified without cost for both labour and material by the Temperzone Service Centre or a Temperzone appointed agent.

The warranty term, begins on the date of original purchase (invoice) from Temperzone Australia Pty Ltd.

For large, non-residential (commercial) projects, the warranty period may alternatively commence upon product installation, provided valid proof of installation, is presented and approved by Temperzone Australia Pty Ltd, and installation, takes place within a maximum of 6 months from the purchase (invoice) date.

What isn't covered by the warranty?

1/ Electrical issues:

Damage or inability to start resulting from:-

- Voltage conditions, blown fuses or other damage caused by inadequate, fluctuating or interrupted electricity supply.
- Unstable or non-compliant power sources (e.g., solar, generator, battery).
- Incorrect Wi-Fi configuration, network connectivity problems, or conflicts with other devices on a network.

2/ Improper Handling or installation:

Damage or inability to start resulting from:-

- Accidents, misapplication, abuse, alteration, tampering or servicing by anyone other than a qualified person.
- Incorrect installation, commissioning or use other than in accordance with the installation, operating or technical documentation.
- Field wiring, refrigerant pipe between units, condensation drainpipe, BMS systems, Wi-Fi/ Bluetooth devices or any other accessories by third party.
- Third party coils or other devices (such as heat reclaim) or associated 3rd party controls
- Incorrect unloading or handling of products.

3/ Environmental and Maintenance:

Damage or inability to start resulting from:-

- Corrosive/contaminated atmosphere or environment.
- Filter neglect or worn parts (Eg: Filters, Belts & batteries)
- High dust, debris or poor air quality
- Deterioration to the external surfaces, coils or components caused by normal weathering.

4/ Access and Location-Related Costs:

- Freight and travel expenses for work performed or parts supplied outside the standard service area covered by Temperzone personnel or appointed agents (defined as within 100km of a town or city with a population of 20,000), unless prior written approval is provided by Temperzone.
- Any cost associated (including crane/scaffolding costs) with gaining acceptable service access to

product installed in restricted or unsafe (e.g. high, tight spaces, inaccessible) locations.

- Any cost associated with inductions or access to products greater than 30 mins.

5/ External Factors:

- Damage caused by vermin, foreign matter, misuse, Acts of God such as fire, floods and earthquakes.
- Consequential damage or loss including any financial losses because of equipment failure.

The warranty does not apply if:

- Issues relating to unsatisfactory performance because of operation or conditions that are outside of the operating conditions specified in Temperzone or Hitachi technical / sales documentation.
- Issues or unsatisfactory performance is the result of misapplication of the equipment.
- Products are used for non-human comfort applications (e.g., server rooms, switch rooms, lift rooms, etc) without written approval.
- Regular service has not been carried out by an appropriate ARC licensed Installer. (Hitachi)
- Any unauthorised modification has been made to the equipment, or any part has been substituted or replaced with non-original items.
- Any damage in transit by a carrier not arranged by Temperzone
- The system is installed in a mobile application (e.g. caravan, boat, crane, portable/transportable homes, server rooms or mining equipment).
- Product which has been reinstalled at a location other than the original location in which it first operated.

Warranty Remedies:
