

## EMPLOYMENT OPPORTUNITY

### Sheetmetal / Fabricators / General Assemblers Hamilton - Permanent

---

Temperzone is a leading manufacturer, distributor of innovative air conditioning and ventilation products throughout Australasia, Southeast Asia, and China. We are also the exclusive distributor of Hitachi Cooling & Heating products within Australia and New Zealand. We have evolved through an ongoing commitment to best manufacturing practices, innovative design, customer service, and technology for quality delivery.

#### About the role

The role is responsible for the manufacture and assembly of Air Handling Units (AHU's). You will have an eye for detail and accuracy. You will also have excellent hand tool skills along with the ability to read engineering drawings. Experience with operating brake press and guillotines would be advantageous but not essential. Experience working with sheet aluminium and stainless steel would be preferred.

#### What you will bring to the role

You will have a strong work ethic, a can-do attitude, have a high level of attention to detail and an uncompromising attitude to safety.

- Relevant experience: fabrication of sheet metal - cutting forming of, aluminium and stainless sheet materials
- Relevant machine operating experience
- TIG welding skills is a plus
- Mechanical aptitude.

#### What we can offer

We are a close-knit team which offers a supportive environment, free on-site parking, and opportunities for development.

At Temperzone we believe that our people are our strength so its important to us to have the right people in the right roles to move us into the future.
